PEOPLESOFT ALL-ACCESS LEARNING PASS

Learn PeopleSoft Today, Invest in Your Future

Mythics' All-Access Learning Pass (AALP) solves your immediate PeopleSoft training requirements and prepares you for tomorrow with unlimited access and continuous updates. AALP is an online learning product providing a full portfolio of frequently updated PeopleSoft training courses so you can learn at your own pace anytime, anywhere.

What's Included

- 24/7 access to PeopleSoft and PeopleTools Training courseware, exercises, and webinars – all viewable and fully downloadable.
- PeopleSoft recorded training courses, learning webinars, and step-by-step demonstrations are added on a quarterly basis.
- Training material is kept relevant by a dedicated team of PeopleSoft content curators – typically when new PUM images and Tools versions are released.
- Dedicated PeopleSoft training environments hosted on Oracle Cloud Infrastructure available to AALP subscribers (additional fees apply).

Unlock Access Today

Visit mythics.com/aalp or email contactus@mythics.com to learn more.

Initially used to train software engineers new to PeopleSoft/PeopleCode, Mythics' training has expanded to include PeopleTools, FSCM, HCM, ELM, and Campus Solutions.

The up-to-date training allows our Business Process Analysts to learn about new and existing functionality, benefiting both newly hired and transferring employees that support our PeopleSoft applications.

AALP offers thousands of dollars' worth of quality training at a significantly lower cost than competitors and has been invaluable for our organization.
