ORACLE GUIDED LEARNING FOR PEOPLESOFT

Oracle Guided Learning (OGL) revolutionizes the way users interact with PeopleSoft. OGL is next-generation technology that offers in-application guidance without having to refer to an offline training manual. The no-code software seamlessly integrates with PeopleSoft and provides walk-throughs, helpful tips, self-help menus and task lists for a more intuitive experience for employees, students, customers and suppliers.

Why Add Oracle Guided Learning?

OGL will transform the way you support your users with more effective guidance at the point of need. Benefits include:

Ease of Use

Engages and guides users without a heavy-handed training requirement.

Use Cases

Reduces customizations, enforces policy, manages change, and captures key business processes.

Support Ticket Reduction

As users elect to receive guidance, support tickets and phone calls are reduced as bugs are avoided.

Built-In Analytics

Determines which guides are being used effectively and collects feedback from users.

Effective Guidance for Users

Oracle Guided Learning is a **Digital Adoption Platform** technology which offers an intuitive, real-time, solution to your team.
