

PeopleSoft 9.2 Time & Labor

Human Capital Management (HCM)

Developed for implementation team members and functional end users, PeopleSoft Time and Labor 9.2 training quickly introduces students to the set-up considerations, configuration, and transactional processing components of the Time and Labor module. Through scenarios, real-world experiences from implementers, and hands-on activities, students gain an understanding of how to establish process and report on transactions.

Prerequisites:

- Peoplesoft 9.2 Foundations (HCM)

Business Process Overview

- Describing PeopleSoft Time & Labor as an Enterprise Wide Solution
- Describing the PeopleSoft Time & Labor Application
- Describing PeopleSoft Time & Labor Navigation
