

# STREAMLINE LEASE MANAGEMENT

## THE BEST WAY TO SIMPLIFY AND COMPLY

Recent changes to accounting standards are significantly impacting lease management and financial reporting. Is your firm ready for these new regulations? If not, SpearMC can help you implement Oracle's PeopleSoft Lease Administration for compliance, savings and easier management.

Lease Administration simplifies and automates critical aspects of lease management, including site selection and acquisition, lease administration and space management. As an Oracle Platinum Partner and PeopleSoft expert, SpearMC can help you:

- Assessing and configuring the solution to your specific needs
- Plan for a successful data migration and deployment
- Train your implementation team and end users on its core capabilities

## Reduce Management, Costs and Risk

All with the help of SpearMC.

Call 866-773-2672 or email [oracle.sales@spearmc.com](mailto:oracle.sales@spearmc.com).

## ASSET MANAGEMENT & LEASE ADMINISTRATION IN ONE SOLUTION

- Track leased assets
- Manage operating and finance leases for property and equipment
- Integrate with Accounts Payable for lease payments
- Account for depreciation and straightlining of leased assets
- Optimize space planning and usage activities
- Understand space attributes, utilization and occupancy in real time
- Ensure compliance with IFRS, FASB, and/or GASB accounting guidelines
